Consideration: Award of Contract

Project: WPCF TFI Bar Screen Upgrades Project

Partner/Supplier: McClure and Sons Inc.

Location: Water Pollution Control Facility (WPCF)

Preceding action: Call for Bids – February 8, 2023

Fund: Fund 336 – Water & Sewer System Improvements Fund

Fiscal summary statement:

The funding source for this project is Fund 336 – Water & Sewer System Improvements. The programmed available funding for the improvements to the WPCF TFI Bar Screen Upgrades Project is \$3,200,000.

Project summary statement:

During the review of the WPCF for the 2020 Facilities Plan assessments, the TF/SC bypass structure and trickling filter Influent bar screens were found to be in poor condition and lacking isolation controls. Replacement and improvements are needed to ensure reliable WPCF operations and flow control. The TFI Bar Screen Upgrades Project includes the rehabilitation of the secondary clarifier bypass structure and the installation of a permanent bypass pipeline and structure to bypass the existing Trickling Filter bar screens.

Bids were opened on March 14, 2023 with 2 bids received for the construction of the proposed project. McClure and Sons Inc. submitted the lowest responsive bid in the amount of \$2,275,712.49, including sales tax. The Engineer's Opinion of Probable Construction Cost was \$1,700,000 including sales tax. Public Works staff recommends that McClure and Sons Inc. be awarded the construction contract for the WPCF TFI Bar Screen Upgrades Project in the amount of \$2,275,712.49

Recommendation (exact action requested of Council):

Award the Contract for the WPCF TFI Bar Screen Upgrades Project to McClure and Sons Inc. in the amount of \$2,275,712.49, which includes Washington State Sales Tax.
